## ROAR OF GUNS IS HEARD AT SEA OFF CAPE COD CAUSES SPECULATION ALONG THE ENTIRE COAST

### WILSON DECLARES THE SELECTIVE METHOD MUST BE FOLLOWED

Proposed Selective  
Conscription Is  
Given Set-back in  
House Military  
Committee.

Senate Military Com-  
mittee Favors Pas-  
sage of Measure  
as Drawn.

By Associated Press Dispatch.

Washington, April 18.—President Wilson went to the capital today for conferences with Congressional leaders on the Administration army bill and other measures.

By Associated Press Dispatch.

Washington, April 18.—Opponents of selective conscription got the upper hand in the House Military Committee today and voted 12 to 8 to have the new army bill carry a provision to first try to raise the new forces by volunteers.

Meanwhile the bill, including the conscription provision, was approved by the Senate Military Committee 19 to 7.

While the two committees were acting, President Wilson was at the Capitol, conferring with Senate leaders on the Administration war measures, particularly the army bill.

The Senate committee rejected an amendment by Senator McKellar authorizing the President to call for 100,000 volunteers, and made only a few changes in the bill as drawn by the Army General Staff.

One amendment would bar liquor from all camps where the new army is to be trained; and another would include persons engaged in agriculture among the industries exempted from service on account of military reasons.

The President told Senators he would consent to no compromise, because the War Department experts, after careful examination and discussion, had decided that selective conscription was the only effective way of raising a strong army.

The President was assured that the majority of Republicans in the House were supporting his plans.

**CONFUSION CAUSED  
BY COMMITTEE VOTE**

By Associated Press Dispatch.  
Washington, April 18.—The vote in the House committee threw the situation into confusion.

The opponents of a straight conscription plan immediately began to draft amendments, in the hope of getting the conscription element to join in a united vote.

Senators on the committee said the War Department estimates that if the measure passed the first 500,000 men

### COUNT BEHOLDS THE HANDWRITING

Amsterdam, via London, April 18.—(Associated Press Cable)—Count von Reventlow, writing in the Tages Zeitung, asserts that victory is necessary if the German Monarchy is to endure. He says:

"We have long expressed the view that German victory and the German Monarchy are mutually dependent. Without a German victory, the German Monarchy will soon cease to exist."

will be in training camps by August first.

The House committee's action was a straight out decision for the principle of a volunteer system, first of all applying both as to filling up the ranks of the Regular Army and the National Guard and the raising of the new army.

But when the volunteer system fails to provide sufficient numbers of them, the President should have the authority to resort to once to selective conscription.

### A DAUGHTER!

(Associated Press Cable.)

Amsterdam, via London, April 18.—The Duchess of Brunswick, Emperor William's only daughter, has given birth to a daughter.

The Duchess of Brunswick, formerly Princess Victoria Louise of Hohenzollern, was married in 1913. She has two sons.

### U. S. GIVEN WELCOME

(Associated Press Cable.)

London, April 18.—In the House of Commons today, unanimous approval was given, amid cheers, to the resolution moved by Andrew Bonar Law, Chancellor of the Exchequer, and seconded by former Premier Asquith, expressing appreciation of the action of the United States in joining the Allied Powers in war upon Germany.

In moving in the Commons this resolution, identical with one already moved in the House of Lords, Mr. Law said:

"We deeply regret that the Premier is unable to be present himself to move the resolution.

"Not only members of Parliament, but all the people of the Empire and the Allied Countries, welcome the new ally with heartfelt sympathy.

"This is not only the greatest event, but, as I believe, the turning point of the war.

"The New World has been brought in, or hastened in, to restore the balance of the old."

Report Made Successively From Three Naval  
Coast Stations Are Confirmatory of Each Other.

### SCOUT BELIEF THAT 'T' WAS SALUTE BETWEEN PASSING BATTLESHIP FLEETS

Belief Prevails That There Has Been Some En-  
gagement off the Historic Massachusetts Coast.

Boston, April 18.—(Associated Press Dispatch)—Reports of heavy gun fire at the entrance of Massachusetts bay sent a thrill along the coast today.

Three coast guard stations on Cape Cod successively reported to the Navy Yard here that they had counted distinct and repeated guns from the north and northeast of the tip of the cape.

It was believed at the Navy Yard that American vessels were engaged with the enemy.

No warships were sighted, however, by the three stations, and after thirty minutes the firing ceased.

It was suggested that ships of the Allies, which are constantly on patrol duty, might have met with friendly warships and salutes exchanged.

However, naval men could not understand warships on active duty betraying their location through naval etiquette.

They believed that there was no saluting unless pre-arranged, and of which there was no knowledge at the Navy Yard.

### HEAVY GUNS ROAR IN RAPID SUCCESSION

Washington, April 18.—A report from Cape Cod coast guard stations, forwarded to the Navy by the Boston Navy District commandant, says there was heavy firing this morning at sea north of the station.

Heavy guns were heard in rapid succession. No explanation of the firing was obtainable when this report was transmitted.

### NO DEFINITE INFORMATION RECEIVED

BOSTON, APRIL 18.—(ASSOCIATED PRESS DISPATCH)—SUBSEQUENT ATTEMPTS TO LEARN SOMETHING MORE DEFINITE FAILED, AND AN EXPLANATION OF THE FIRING AWAITED REPORTS FROM WAR VESSELS IN THE VICINITY. MEAN-TIME STEPS WERE TAKEN TO MEET ANY EMERGENCY.

### MUNITION WORKERS ON STRIKE

125,000 Strikers in  
Berlin Include  
Some in War  
Plants—Poles in  
Warsaw Strike  
Against German  
Orders.

(Associated Press Cable.)

Copenhagen, via London, April 18.—The number of strikers in Berlin is placed in the semi-official report at 125,000 and is distributed, according to the Tageblatt, through machine works, some electrical establishments and a part of the munition plants.

The latter statement is interesting, in view of a dispatch from the official news bureau denying that the munition factories were affected.

The Tageblatt says, however, that the great munition industry at Spandau has not been involved.

London, April 18.—A Berlin dispatch to the Politiken, of Copenhagen, as

forwarded to the Exchange Telegraph Company, says that work has been resumed in most of the Berlin factories.

The Vossische Zeitung, of Berlin, says that, as conditions of returning to work, the strikers demanded a sufficient supply of bread and potatoes, proper distribution of food, and a guarantee of the promised electoral reform.

### POLISH MUNITION WORKERS STRIKE

(Associated Press Cable.)

Copenhagen, via London, April 18.—A strike has broken out among Polish munition workers in Warsaw, where Germany has been using Polish laborers to help supply the eastern army.

Ordinances of the German Military Governor, which are republished in a Posen Polish paper, threaten those refusing to work with a year's imprisonment or transfer to a prison camp.

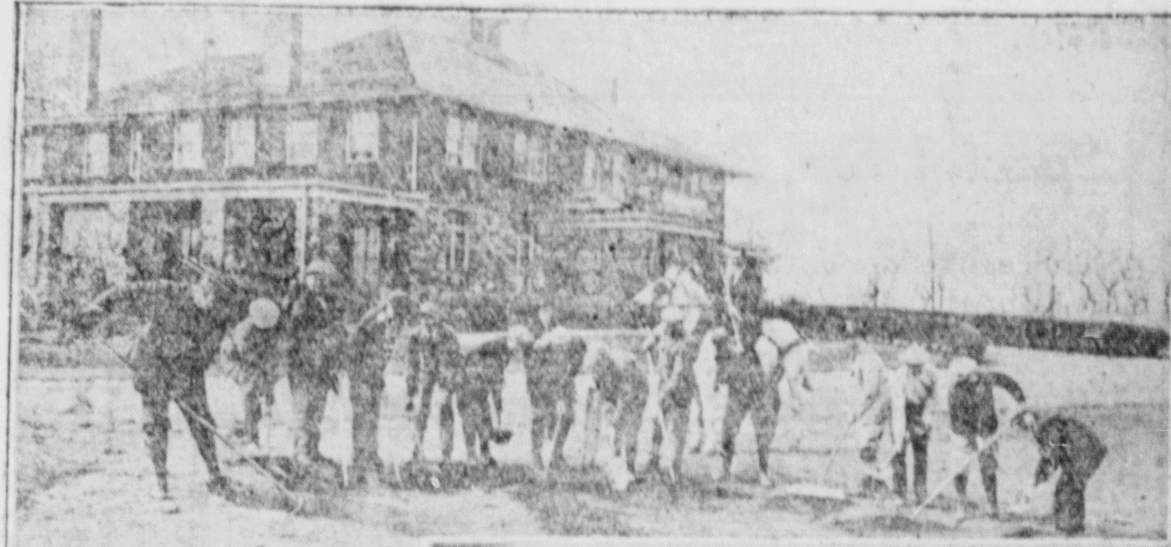

The Governor declares that no relief or favors to the Polish prisoners of war will be granted until the strike movement is checked.

### BOOM OF GUNS OFF U. S. COAST

(Associated Press Dispatch.)

Boston, April 18.—Three coast guard stations at Race Point, Peaked Hill Bar and High Head reported that they heard heavy guns being fired at 9:41 a. m. today north of the stations in quick succession. These stations are off Provincetown.

### GOLF CLUBS ARE GIVING UP SPARE ACRES FOR CROPS

The golf players of the United States will turn farmers and raise on their links huge crops of potatoes and other food products for the use of the United States and its allies. Such is the movement set on foot by the Dunwoody Country club near Yonkers, N. Y. It originated with Frederick Upham Adams, author and golfer. The pictures show the Dunwoody golfers beginning work.

The plan of operation is simple and is declared to be practical. Dunwoody, in common with all golf courses, has several acres of tillable soil not used for golfing purposes. The club has set this aside for cultivation. More than a hundred of the members have already volunteered to do the work of cultivation, and it is predicted that this volunteer farm-

GOLFERS CRY "FORE!" TO FOOD SHORTAGE

ing crops will soon number fully 250 selves as efficient with a hoe as with golfers who will try to prove them- a niblick.

### 14,000 PRISONERS TAKEN BY THE FRENCH IN THE PAST 48 HOURS

### PERISCOPE IS SIGHTED BY LOOKOUT

(Associated Press Dispatch.)

Washington, April 18.—The periscope of a submarine running submerged was sighted by the deck officer, quartermaster, and deck watch of the destroyer Smith early yesterday morning, just before the wake of a torpedo was seen crossing the destroyer's bows.

This information was contained in a radio report from the commander of the Smith, received today at the Navy Department.

Navy officials said this confirms the report of the presence of a German submarine in American waters.

The officer on watch on the Smith reported that the periscope was distinctly visible at a distance of 200 yards from the ship.

The quartermaster and members of the gun crew agreed in this respect.

### Furious Battle on Entire Front Ra- ges Incessantly With Success for Allies.

### Great Quantities of War Material Cap- tured—Further Gains Recorded.

(Associated Press Dispatch.)

Continuing their great offensive along the Aisne and in the Champagne, the French have made further important gains.

More than 14,000 prisoners have been taken in the two days of the attack.

Twelve cannon, including three of large caliber, were among the large quantities of war material captured.

The battle, described as the greatest since the battle of the Marne, developed, during last night, heavy fighting in the region northeast of

Soissons, where French troops have made notable progress.

Pushing north of the Aisne, the French completed their occupation of Chivy and pressed on to Bray-en-Laonnois, which was entered by French patrols.

In their operations north of St. Quentin, British forces last night straightened out their line by an advance of more than a mile and made further progress toward the St. Quentin-Cambrai railway, opposite Le Cateau.

### ALIENS WILL BE RECRUITED

(Associated Press Dispatch.)

Washington, April 18.—The bill permitting the Allies to recruit their citizens in the United States was passed today by the Senate by unanimous consent and went to the House to await action there.

### 40 BOATS IN WEEK

(Associated Press Cable.)

LONDON, APRIL 18.—THE WEEKLY REPORT OF BRITISH SHIPPING LOSSES, ISSUED TODAY, SHOWS THAT NINETEEN VESSELS OF MORE THAN 1,600 TONS WERE SUNK AND NINE VESSELS OF LESS THAN 1,600 TONS. TWELVE FISHING VESSELS, ALSO WERE SUNK.

## The House Furnishing Section is Seeing Service These Days

Equipped as we are with large stocks of rugs bought before the latest advances, we can and do give the best possible values to our customers.

Rugs of all sizes from the small hearth rugs to extra room sizes, in pleasing patterns, and best qualities, await your selection—and if you wish to pick them out now for later delivery—we'll store them for you until you're ready.

Hopewell, Chillicothe; Mrs. Ella King, Hamden;

## PART OF UNION IS COMING BACK

The three sub-districts in Union township which were added to Marion township sometime ago, when a majority of the taxpayers petitioned the county school board for the change, will be changed back to Union township school district in the near future.

Petitions for the change back to Union township were circulated recently and bare 63 out of 72 names. This will be acted upon by the county board at an early meeting.

With the change of the territory back to Union, Marion township will be left with three school districts and the question of centralizing them at a cost of \$15,000.

The three districts in questions recently voted for centralization, and to issue bonds in the above amount.

Just what will be done has not been decided, but it is understood a joint meeting of the Marion and Union township boards will be held in the near future and the problem taken up.

## TOM MORGAN IN CITY TO AROUSE INTEREST IN HIGHWAY MOVE

Tom M. Morgan, field secretary of the Sherman-Sheridan Highway Association, is in the city and will remain here until Thursday evening in the interest of the movement. He reports the work moving with much promise in the various counties and that the interest is not lagging in the least.

A number of counties in the association have taken the initial steps toward making their roads serviceable and others are contemplating paving in the near future.

Mr. Morgan states that in Clinton county those interested in the Blanchester loop have secured more than ninety per cent of the landowners in an agreement to pay ten per cent of the cost of paving the road in that section of the highway.

While here Mr. Morgan hopes to put on a membership campaign in an effort to secure 1500 members of the association in Fayette county. He will attend the Dutch Treat luncheon tomorrow in the interest of the movement.

## WAR PLANS MADE BY THE Y. M. C. A.

Secretary Walter Patton, of the Y. M. C. A. attended a meeting in Columbus, Tuesday, where a conference of all Y. M. C. A. secretaries of Ohio was held under the supervision of State Secretary A. H. Lichty.

Plans for conducting a great work in the war were discussed at some length, and State Secretary Lichty was authorized to go to New York to take up the plans with the National Y. M. C. A. organization, for active co-operation in the work.

Men will be drawn from virtually every Y. M. C. A. in Ohio, and the Association of this city will probably send at least one man to aid in Y. M. C. A. work among the soldiers.

If the Y. M. C. A. workers are wanted for soldiers, no protest will be offered by the Association. This was definitely agreed upon by those attending the meeting, and is indicative of the patriotic spirit of the Y. M. C. A. leaders.

## BEGINNING WORK ON PIKE PAVING

Contractor O. M. Junk is now taking steps to push the work on the Chillicothe pike paving, having made little progress so far in the work.

The contractors have started at the intersection of the Good Hope pike and all who traverse the pike to be paved are anxious that he complete the paving at the earliest possible moment.

Additional equipment for carrying forward the work has arrived during the past day or two, and it is the intention of those in charge of the work to keep busy until the last brick is laid.

At the present time some excavating represents all that has been done toward building the road. The brick were placed on the ground ready for use, some little time ago.

## SCOUT MEETING

All Boy Scouts are ordered to assemble at the Y. M. C. A. at four o'clock Thursday afternoon, for a conference with Scout Master Parker. Plans for participating in the patriotic parade will be discussed.

## IMPERIAL REBEKAH LODGE

Regular meeting of Imperial Rebekah Lodge No. 717 at I. O. O. F. Hall, Wednesday evening, April 18th, at 7:30.

## MRS. KATE WATSON DIES TUESDAY EVE

Mrs. Kate Watson, aged 60 years, passed away at the Fayette hospital, Tuesday evening at 7:30, after a serious illness of several weeks.

The funeral services will be held at the residence of her daughter, Mrs. Chas. Crooks, on Market street, Thursday afternoon at two o'clock, and interment will be made in the Washington cemetery. Rev. Gage will officiate.

### CUT THIS OUT—It is Worth Money.

DON'T MISS THIS. Cut out this slip, enclose with 5c to Foley & Co., 2335 Sheffield Ave., Chicago, Ill., writing your name and address clearly. You will receive in return a trial package containing Foley's Honey and Tar Compound for coughs, colds and croup; Foley Kidney Pills, and Foley Cathartic Tablets. Blackmer & Tanquary, Advt.

**In Social Circles**

The many Washington friends of the bride will be interested in the wedding announcement.

Mr. and Mrs. John L. Baughn announce the marriage of their daughter, La Ruth, to Mr. Oscar Wagner on Saturday, the seventh of April, nineteen hundred and seventeen, at home, Flat 13, Logmen Apartments Third and Webb streets.

The Bloomingburg Ladies Quartet. Invitations are being extended to the public.

Complimenting Miss Lucile Weldon, of Circleville, whose marriage to Mr. Charles Gilmore, takes place the twenty-eighth of April, Mrs. Willard F. Story entertained a quintet of Circleville women at a luncheon of perfect appointments, Wednesday.

The centerpiece of the pretty table was white narcissi and greenery.

The guests, who motored over from Circleville Wednesday morning were Miss Weldon, Mrs. Frank Bennett, Mrs. Allen Newmeyer, Mrs. Hildebrand Jones, Miss Elizabeth Gross.

Forest Chapter O. E. S. of Bloomingburg, held special initiatory session Tuesday night, entertaining the members of the Jeffersonville and New Holland chapters.

The evening's candidate was Mrs. John Browning, and the work was impressively put on under the direction of Miss Ercel Stitt, Worthy Matron, and Mr. L. D. Exline, Worthy Patron.

Following the serving of refreshments there was an hour of toasting, the Worthy Patron filling the role of toastmaster.

Responses were made by Rev. Drumm, of New Holland, Mr. L. A. Fultz, Worthy Patron, Mrs. G. S. Threlkill, Worthy Matron, Jeffersonville Chapter.

The Pythian Sisters enjoyed a social session after the regular lodge meeting of Tuesday evening.

The entire castle was thrown open for the pleasure of the guests, games and cards in one room, a Kensington in another, while many found diversion in the pool tables of the banquet hall. Later in the evening there was dancing in the ball room.

**WEDDING INVITATIONS**

**Christopher Drugs**  
Opposite Court House  
That's My Business

The diversity of amusements, pleasing all tastes, contributed no little to a most delightful social session.

Refreshments were served by the entertaining committee, composed of Mrs. Jess Blackmer, chairman, Mesdames Robert Wilson, Lulu Cissna, Virgil Sexton, Emmitt Fortier T. L. Hamman, J. M. Lucas, Ray Moots, J. C. DeWees, P. R. Armbrust.

Fifty were in attendance.

Mrs. Frank Perrill gave pleasurable entertainment to her Bridge club at its regular session.

The local branch of the National League for Woman's Service convened at the Federated club room, Tuesday night. There was much interest and many fertile suggestions for practical effort in co-operation with the splendid work of the League.

This organization will undoubtedly be the nucleus of a movement leading inspiration to women along economic lines upon which they have given little or no thought.

Miss Edith Gardner, local chairman presented the request from chairman Baer the Patriotic Parade for Friday night, that the women of the League take part in the parade and appoint a community, Mrs. Hitchcock, Mrs. Thompson and Miss Robinson, to make plans for its representation.

President Frank M. Kennedy of the Home Garden Club, made a brief talk asking the co-operation of the Woman's League in the establishing of home gardens and the awakening of women to the possibilities of their usefulness. He urged that women take an active part in home garden promoting.

Miss Gardner appointed as the Home Garden committee, chairman, Miss Mary Robinson, Mesdames A. J. Thompson, Ed. Fite, Fred West, Anna Bush Coffman, Miss Berte Coffman.

This committee will co-operate in the planting of gardens as well as in soliciting for them and will secure seed for those not able to buy it.

A decided effort will be made for Red Cross membership.

**PERSONALS**

Mrs. Homer Hardin, of South Solon spent Tuesday with her daughter, Mrs. Lossen Wells.

Miss Kate Henderson, of Wilmington, was the guest of Miss Mary Alice Culhan Tuesday.

Mrs. Walter Dunlap, of Greenfield, is the guest of her sister, Mrs. Ray Maynard.

Mrs. M. J. Hagerty was called to Cincinnati, Wednesday by the illness of her son, Mr. John Hagerty.

Mr. Fred M. Mark was a business visitor in Columbus Wednesday.

Miss Pearl Matthews of Sabina, spent Wednesday shopping in this city.

Mr. and Mrs. Dave Ferneau are announcing the birth of a daughter at their home on Broadway Wednesday morning.

Mrs. Spencer Calvert and daughter, Miss Ethel, spent Tuesday in Columbus.

Mr. Ray Maynard left Wednesday morning on a business trip to Chicago in the interest of Craig Bros.

Kenneth Kerr was up from Wilmington visiting his mother, Mrs. Josephine Kerr Tuesday.

Mr. and Mrs. Albert McCoy were guests at the Crawford Place near Greenfield Wednesday.

Miss Florence Smith has arrived from New York to make her home with her sister, Mrs. G. L. Hart.

Amber Tilton, of New Vienna, is visiting her aunt, Miss Margaret Tilton, and Uncle, Mr. Frank Tilton and family.

Mrs. Wert Backenstoe is recovering from an illness of several weeks at her home on Temple street.

Mr. Jack Bishop and family recently moved into the S. F. Snyder property on S. Hinde street.

Miss Ruth Smithers returned Tuesday night from a visit with relatives in Frankfort.

Friends of Mrs. R. C. P. Wilson (nee Helen Arehart) who has been critically ill for the past week will welcome the word that she is recovering. The seriousness of Mrs. Wilson's condition can be realized from the fact that two specialists and three physicians were called in consultation. Her little three weeks old son has been named Francis Murray.

Ray Griffith cashier of the Adam's Express Company at Zanesville, was in town the first of the week visiting his parents, Mr. and Mrs. Charles Griffith and friends.

Mr. Clark Post is confined to his home on the creek road by illness.

Miss Esther Boggs, of Bloomingburg, is the guest of Mrs. Wert Shoop to attend the Chillicothe Presbyterial meeting, convening in this city Thursday and Friday.

Mrs. Samuel Selzer, who has been the guest of her daughter Mrs. George Giebelhouse and family, returned Tuesday to her home at Sinking Springs.

Mrs. W. M. Sylvester and daughter Mrs. Jas. Melson, went to Greenfield Tuesday night to visit the former's brother, Mr. S. O. Clyborn.

Mrs. S. M. Templeton arrived from Greenfield Wednesday afternoon to visit her son, Dr. A. M. Bush, and wife, and attend the Chillicothe Presbyterial as delegates from the Greenfield Society. Mrs. Bush will also entertain Mrs. J. Frank Wilson, delegate from the Hillsboro society who arrives Thursday morning.

Dr. and Mrs. E. F. Todhunter spent Wednesday in Columbus to see "The Birth of a Nation."

Mr. and Mrs. A. B. Clifton of New Holland, visited Mr. Clifton's mother, Mrs. M. J. Clifton, Wednesday.

Mr. Virgil Vincent has returned from a visit in Tiffin.

Mr. Add Pavey, of Leesburg, was a business visitor here today.

Mrs. Minerva Orr left Wednesday for Chillicothe to visit her daughter, Mrs. Ed Truit.

Mr. and Mrs. Dave Ferneau are announcing the birth of a daughter at their home on Broadway Wednesday morning.

Mrs. Spencer Calvert and daughter, Miss Ethel, spent Tuesday in Columbus.

Mr. Ray Maynard left Wednesday morning on a business trip to Chicago in the interest of Craig Bros.

Kenneth Kerr was up from Wilmington visiting his mother, Mrs. Josephine Kerr Tuesday.

**NOTABLE I. O. O. F. INITIATION TUESDAY NIGHT AT TEMPLE**

The I. O. O. F. Temple was literally packed Tuesday night, when over two hundred Odd Fellows witnessed wonderfully impressive initiation ceremonies conducted by the Imperial Degree Staff. There were fifteen candidates.

Capt. H. D. Chaffin came down from Columbus to personally take charge of the work and supplemented it with a fine patriotic address. Noble Grand O. K. Probasco presided.

The candidates were from Sabina, Leesburg, Clarksburg and this city and there were also visitors from Wilmington, Mt. Sterling, Millersburg, Bloomingburg and Virginia.

Everything moved off with the utmost smoothness except for a half hour's delay caused by the burning out of a fuse which left the hall temporarily in darkness.

**TAKEN TO AKRON TO FACE CHARGE**

Ronald Ballard, formerly of this city, but arrested in Springfield a week ago on a charge of robbery, filed in Akron, has been removed to Akron to face the serious charge there, and indirect reports are to the effect that the young man has been identified a sthe person wanted at that point.

The charge grew out of the robbery of a saloon. The accused, it is understood, has admitted that he was in Akron at the time of the crime.

The saloonkeeper was held up, at the point of a gun and relieved of \$154 in money. Two or three young men did the work.

**BENEFIT CONCERT**

The benefit concert given by Mrs. Stinson and faculty for Graydon Jefferies, at his home town, Selden, netted \$64.20, which has been placed to his account in the Commercial Bank.

Young Jefferies is now able to stand on his feet and will soon walk. He feels much gratitude to his "foster mother," as Mrs. Stinson has been named, and to the public.

The Stinson School of Music quartet, assisted by Miss Ruth Parrett, added quality to a pleasing program.

**JUDGE CARPENTER TO EXCUSE FARMERS**

Judge Frank G. Carpenter, of the Common Pleas Court of Fayette county, has announced that when the jurors report for duty, the farmer members of the jury who cannot leave their farm work without serious delay in the work, will be excused from jury duty in order that nothing shall hamper the farm work and that the acreage and crops may not be curtailed in the least.

When the jurors assemble they will be questioned, and where it develops that the farmer should be at work on the farm, this will be deemed as reasonable excuse and the juror will be dismissed.

The patriotic action of Judge Carpenter is in keeping with the action of other common pleas judges in this part of Ohio, who are planning to do what Judge Carpenter has done.

Petit jury duty is usually very trying to the average farmer during the planting season, when they can ill afford to leave their work very often for days at a time.

**DEATH FOLLOWS STROKE PARALYSIS**

Mrs. Clark McCoy has received a letter from Mrs. Beadle Wright, of Newark, announcing the death of her oldest brother, Andie McElwain, from a stroke of paralysis on Saturday morning.

Funeral services will be held Thursday afternoon at Newark and burial made in that city.

Mr. McElwain was a former resident of this county. He was a cousin of Mrs. Clark McCoy and Mrs. F. M. McCoy and has other relatives in this community.

**MARRIAGE LICENSES**

Ralph Austin, 23, shoemaker, Columbus, and Susie Halthcock, 23, Rev. Myers.

Joseph Seward, 27, mechanic, Mt. Sterling, and May Byrd, 22, Rev. Brown.

**STAUNTON LECTURE COURSE**

Saturday, April 21st.

The Masons Colored Jubilee Singers, this program will consist of snappy good old fashioned southern plantation songs and melodies.

If you are a lover of music this program cannot fail to satisfy. The company consists of five colored ladies and gentlemen.

**PIANO TUNING**

Expert tuning, regulating and voicing by Mr. Chas. Forsythe of Dayton, O., who will be with me the week of April 23rd All work guaranteed. Leave orders at once at my store, E. Court St., Bell, Main 78, Automatic 5221.

## The Deutschland's Visit

A great many people now, looking backward, in the light of recent developments, are concluding that the visits of the merchant submarine Deutschland last summer were for a purpose vastly different from that announced.

When the undersea merchantman came into our harbors the gallant crew was welcomed and every courtesy extended.

In the first place the Americans are honest and sincere—they respect valor and admire a "good sport." They wanted to extend a friendly greeting to Captain Paul Koeng and his crew because they applauded their achievements and really down in their hearts they wanted him to make a clean get away from the watchful warships stationed just outside the three mile limit.

Then the rules of international law prevented any other reception than the one accorded the Deutschland. The United States respected international law.

In view of what has occurred since the circumstantial evidence all indicates convincingly that the Deutschland was simply scouting about our coasts and harbors to gain information which may now prove of great value.

We dislike to believe that but the circumstances tend strongly to compel that conclusion.

Was the Deutschland merely demonstrating that it was possible for a German submarine to run the British and French blockade in the North Sea and on the American side of the Atlantic and get back?

It looks like it now.

Any way we don't regret being courteous and square with the Deutschland crew. If Germany gained any information under false pretenses by the trips of the Deutschland, she is welcome to it.

We did the square thing and are content to stand by the consequences.

## The Real Power

The people of this city, judging by the amount of vacant lot ground "turn under" or for which arrangements have already been made to cultivate in gardens, the back yards spaded up the sale of garden seed and garden tools, are going to do their part in preventing a shortage of food stuffs at least that kind of foodstuff that can be commandeered by the thrifty householder.

Father and the boys are busy with the spade, the hoe and the rake. They do the rough work but the presiding genius of the home garden movement (at least in this section) is mother.

She plans the work, gives all the directions and has things all ready for the head of the house and the sons to jump right in at any spare moment which might be "wasted" in rest. This is no time for rest.

Mother furnishes also the real incentive. Her suggestions that now is the time for this or that bit of work are forceful to the degree that action on those suggestions can neither be neglected nor postponed.

That the backyard gardening movement is launched with such bright prospects of success, that so much has already been done and that such extensive preparations are made for the future is due as much to the enthusiasm and determination of the good women as it is to the actual work of the "men folks."

When we realize that upon the real ruler of the household devolves the work of mobilizing the seeds and plants and implements as well as furnish the inspiration, we know who is going to make the backyard garden a success.

## Defensive Plan Shattered

The British and French forces in France continue their advance against the Germans. As the battling is kept up, day after day, some features of great importance seem to be conclusively established.

Perhaps the most important fact developed is that the allied forces are moving cautiously and in accordance with a definite detail plan of action, worked out by master tacticians and strategists. The allied forces have a definite purpose and a definite plan of accomplishing that purpose. They are not permitting themselves to be either rushed into unconsidered action nor delayed in taking the steps planned.

The result of the advance thus far also establishes that the entente forces have piled up an inexhaustible supply of munitions and big guns.

That in a measure explains the success of the allied forces, the falling back of the Teutons and presages still further successes.

The capture of prisoners, supplies and guns has been enormous and indicates that confusion has seized upon the German army and brought about a disastrous disarrangement of the carefully prepared plans of the efficient Germans.

As the plan of offensive campaign was disarranged at the battle of the Marne it appears now that the defensive plans have been literally "shot to pieces" by the Allies in the great battle of Arras followed by Lens and St. Quentin and along, in minor engagements, the entire defensive line.

## Poetry For Today

LEST WE FORGET.

God of our fathers, known of old  
Lord of our far-flung battle line—  
Beneath whose awful Hand we hold  
Dominion over palm and pine;  
Lord God of Hosts, be with us yet,  
Lest we forget, lest we forget.

The tumult and the shouting dies,  
The captains and the kings depart—  
Still stands Thine ancient Sacrifice,  
An humble and a contrite heart;  
Lord God of Hosts, be with us yet,  
Lest we forget, lest we forget.

Farallied our navy melts away—  
On dune and headland sinks the fire—  
Lo, all our pomp of yesterday,  
Is one with Nineveh and Tyre!  
Judge of nations, spare us yet,  
Lest we forget, lest we forget.

—Rudyard Kipling.

## ASHEVILLE WELL GOVERNED.

Applies Prevention Methods to All Community Problems.

That it is the prevention method adopted by the city of Asheville in solving her community problems that has given her the distinction of being the best governed city in North Carolina is the contention of Mr. A. W. McAllister of Greensboro.

He says that prevention is the very watchword of Asheville's fire department, as it is of her health department and of her entire municipal government. She believes that social diseases are as preventable as physical diseases and that a slum in a city is as much a disgrace and a discredit as a typhoid fever epidemic. Consequently Asheville is not spending all of her people's money for streets and other material things, but she has found out "that the biggest dividends from municipal investment are joyous, healthy, happy childhood, happy people surrounded by right living conditions, with wholesome social atmosphere to breathe and live in." Asheville owns four parks, a reform school for delinquent boys, a training school for unfortunate girls, eight kindergarten schools and has recently voted \$200,000 worth of bonds for a fireproof high school building. She has, besides, an associated charities and several missions, including a city hospital.

"A fine example," says Mr. McAllister, "of the thoroughness and efficiency of Asheville's health department is her present campaign for the absolute elimination of the surface closet. At the present time Asheville has only 300 such closets. This number is being gradually reduced by laying of new sewers, and by midsummer there will not remain one such closet in Asheville."

## A Municipal Garage.

Racine, Wis., has completed plans for the establishment of a municipal garage and repair shop. It will occupy the quarters of an old fire engine house. Seven thousand five hundred dollars will be spent in remodeling and equipment.

## Our 5%

Certificates of Deposit Are The Safest and Most Desirable Investments—The Buckeye State Building and Loan Company, Rankin Building, 22 W. Gay St., Columbus, Ohio.

5. No Expense. If you take a mortgage yourself then in the event of the death or failure of the borrower, or foreclosure, you will be to expense of filing necessary legal papers, and this expense you alone will have to bear. Not so with our certificates. Assets \$13,500,000.00.

—Russell in Cincinnati Enquirer.

## HOUSE OF 1000 ROOMS BUSY PLACE

(Associated Press Cable)

London, April 18.—"The Maze" is the colloquial name for the great architectural pile in Whitehall which houses the British War Office. The building contains more than a thousand rooms, and visitors often find themselves lost in the bewildering twistings and turnings of the long corridors, with their ante-rooms, offices, corners, and stairways. The second floor contains the principal offices, those of the Minister of War, the Military Secretary, and others. Many of the War Office departments which have expanded enormously since the war began maintain annexes, some in very distant parts of the city.

## MILIUKOFF IS AMERICAN IN THOUGHT AS RESULT OF HIS RESIDENCE HERE

PAUL N. MILIUKOFF

Paul N. Milukoff, the minister for foreign affairs in the provisional Russian government, has been one of the leading figures in the revolution. He is well known in America. In 1901 he was banished from Russia for political views expressed while a member of the faculty of the University of Moscow. He went to Chicago and became professor of Russian history at the University of Chicago.

In 1898 Milukoff was exiled to Siberia. He was guilty of liberal tendencies. He was in exile for two years, the result of which was his "History of Russian Culture," a justification of revolution.

On his return to Russia he was arrested and led across the frontier into Bulgaria. A warrant of extradition excluded him for two years. Milukoff's answer was an immediate return to Petrograd, where he was again arrested and held in jail for five months without trial. When he was released he again went to Chicago.

On this third visit to America, in 1908, he told interviewers that his speeches in the duma frequently were interrupted by some one shouting, "American" or "American citizen." He added, "So now I almost invariably begin my speeches by quoting something American."

## HOME GARDEN SUGGESTIONS

The Herald is conducting this column with the co-operation of the National Emergency Food Garden Commission to inspire the planting of more food gardens throughout the country. Members of the commission are: Charles Lathrop Pack, president of American Forestry Association; Luther Barbark, Dr. Charles W. Elliot, Prof. Irving Fisher, John Hays Hammond, Fairfax Harrison, Myron T. Herrick, Dr. John Grier Hibben, Emerson McMillin, A. W. Shaw, Carl Vrooman, assistant secretary of agriculture; Capt. J. B. White, U. S. Shipping Board; James Wilson, former secretary of agriculture. You should watch this column every day.

Keep your garden at work, is today's advice from the National Emergency Food Garden Commission co-operating with this paper in urging garden planting this year. Don't let it loaf a single day. When you harvest one crop in the spring or early summer, plant the space to some other which will mature before frost comes in the fall.

But, in addition to these successive crops—that is, one following the other—that fact that certain plants mature late while others are swift growers enables you to plant them together and the earlier crop will be out of the way before the late one requires the room.

You may even in the case of radishes mix in the seeds with those of other vegetables for row planting. The radishes grow swiftly, quickly marking the rows for hoeing, and they ripen and are gathered before their neighbor plants attain large growth. Radishes can be planted in this way with onion, lettuce, carrot, parsnip and beet.

Tomatoes, cabbages, peppers, and other large transplanted plants can be grown as companions to low, thick plants like lettuce and onions. The transplanted seedlings being set at their proper intervals between the rows of earlier maturing plants. Corn and beans make good companions in the same hills, the bean vines climbing the corn stalk for support.

As to successive crops, the following by Geo. E. House, of Wheeling, is recommended; the second named as the second planting:

Early corn—late string beans.  
Early string beans—late cabbage or corn.

Spring onions—late corn.  
Early beets—late radishes.  
Early carrots—fall spinach.  
Early turnips—late lettuce.  
Early radishes—late turnips.  
Early lettuce—late carrots.  
Early cabbage—fall spinach.  
Early kale—fall spinach.

Had Trouble Four or Five Years. Many people suffer from bladder trouble when they can be quickly relieved. W. J. Barry, R. F. D. 2, Galien, Mo., writes: "I was bothered with bladder trouble four or five years. It gave me a great deal of pain. I took different medicines, but nothing did me any good until I got Foley Kidney Pills." Blackmer & Tanquary.

More people every day are finding Herald want ads superior.

## THIS DON HAS CHANGE OF HEART

(Associated Press Cable.)

Madrid, Spain, April 18.—Don Jaime of Bourbon, who has been repeatedly classed among the Spanish partisans of the German cause, is said now by his former secretary, Don Francisco Malgar, to entertain quite opposite sentiments. Senor Malgar declared recently that coldness prevailed between Emperor William and Don Jaime, despite the statements to the contrary by the so-called Carlist papers that are Germanophile.

In a letter to Senor Malgar, Don Jaime says: "You know that the kind of friendship shown me in Berlin on the occasion of my last trip there consisted in having me arrested and in behaving with incredible rudeness toward me."

## GEMS STOLEN

(By American Press)

Toledo, April 18.—Charles Stillwater, a prisoner, was beaten and robbed of ten valuable diamonds in the city police station. Stillwater had been arrested on a robbery charge. The prison was crowded and Stillwater was placed in a cell with three other prisoners. He complained that John Dorgan of Columbus, Harry Harrington and Claude Johnson of Toledo had pummeled him and stolen diamonds and other jewelry he had secreted in a cigarette package. The police searched the prisoners and recovered several pieces of jewelry, but ten valuable diamonds are still missing. The diamonds, it is reported, were stolen recently from several residences by burglars.

# RUSSIA HAS BRIGHT FUTURE

Hall, England, April 18. — Belief that Russia will become the world's largest exporter of wood pulp for making paper was expressed by M. Ghambashidze, honorary secretary of the Russo-British Chamber of Commerce, in an address to commercial men here in which he told how to overcome the difficulties incidental to Russian trade. He predicted that Russia would eventually utilize her vast forests for the manufacture of wood pulp.

Dealing with difficulties in developing trade with Russia, M. Ghambashidze said Great Britain must not be satisfied with commercial travelers whose only equipment was a catalog and an interpreter. Germans acquired other languages and were able to obtain trade. The young Englishman seeking trade would have to visit Russia, ascertain her condition and study her requirements.

A large section of the trading community of Russia, he said, opposed giving preference to any country. In future, the Russian peasant would require more commodities than before the war and, under a free government, would demand them. He would get more food and Russia would have less to export. There could be no doubt, he predicted, that there was going to be a shortage of foodstuffs, all over the world and, if they took bread from the Russian peasant and called it developing the export trade, they would suffer in another direction by depriving him of his buying capacity.

Russia, he said, had no mercantile marine. It was of the greatest importance that she should have the Dardanelles. It was impossible to speak with certainty as to the future of a country in which 200,000,000 inhabitants had been set free.

# MEXICO PLANNING WIDE EXTENSIONS OF HER RAILROADS

By Associated Press Dispatch.

Mexico City, April 17.—Rapid and immediate extension of railroads in Mexico is projected by the Department of Communications and Public Works in conjunction with the various state governments. Arrangements already have been begun to complete the line from Santa Lucrécia, on the Isthmus of Tehuantepec line, to Merida, Yucatan. This line when completed will form the connecting link in the north and south route from Ciudad Juarez on the American border, to Merida. It will run through San Juan Bautista in Tabasco and Campeche. The state of Yucatan, one of the most prosperous in the republic, will finance the new line in conjunction with various electric lines connecting with it. This right of way formerly was controlled by a concession to foreign capital but the concession was declared forfeited because the holders failed to complete the work according to its terms.

Another projected line will connect the Atlantic and Pacific coasts of Mexico traversing the country from east to west from Tampico, the main Atlantic oil port, to San Blas, state of Nayarit, formerly the territory of Tepic. This route will link up Aguas Calientes, Zacatecas and other important cities with the line of the Southern Pacific of Mexico which now has extended its line from Nogales to Compostela a short distance south of the city of Tepic.

# Long, Assistant State Secretary Gives Up His House for Nation

BRECKENRIDGE LONG AND HIS HOUSE HE IS GIVING UP TO FRENCH ENVOYS

The preliminary committee of welcome for the foreign commissioners in Washington consists of Third Assistant Secretary, Long, representing the state department; Rear Admiral Frank F. Fletcher and Commander D. F. Sellers, representing the navy, and Colonel Robert E. L. Michie, Lieutenant Colonel Spencer Cosoy and Captain John G. Quekemeyer representing the army.

We reproduce herewith a picture of Mr. Mr. Long, with the handsome home of Franklin MacVoagh, former secretary of the treasury. Mr. Long was about to move into the house with his family, but offered it to the government for the time necessary to house and entertain the British commissioners.

# STIMSON AND COUDERT TOUR THE MIDDLE WEST FOR UNIVERSAL SERVICE

Notice has been given by the Department of Communications to the Southern Pacific company that it must continue its line from Compostela to Guadalajara, according to its concession, and begin this work of construction at once, or the concession under which the company operates in Mexico will be declared void. The distance involved is not great but construction involves several complicated engineering problems, including two long tunnels through the mountains. The original concession provides for a bonus of 12.00 pesos per kilometer (about three-fifths of a mile) from the government to the company for construction of this line. The Department of Communications in its warning to the Southern Pacific company declares the government will offer every aid in the building of the line including financial assistance and expediting of supplies.

HENRY L. STIMSON (UPPER) FREDERIC R. COUDERT

# BLOW AT DRINK

(By American Press)

Columbus, April 18.—At a meeting here of the executive committee of the State grange, a statement was issued demanding prohibition of the use of grain in the manufacture of liquor, insisting that speculation in food products be stopped and that farm boys be exempt from conscription. High cost of seeds and supplies, inability to get prompt shipments of lime, fertilizer and farm machinery and, above all, the shortage of efficient farm labor constitute principle hindrances to farm progress, according to the grange committee.

# CAPTAIN SURRENDERS

By Associated Press Dispatch.

Urbana, O., April 18.—Captain S. Middleton, commander of Company D, Third Regiment O. N. G., now stationed in Columbus in Federal service, is quarantined at his home here with the German measles.

# WHO FOUND THE WATCH

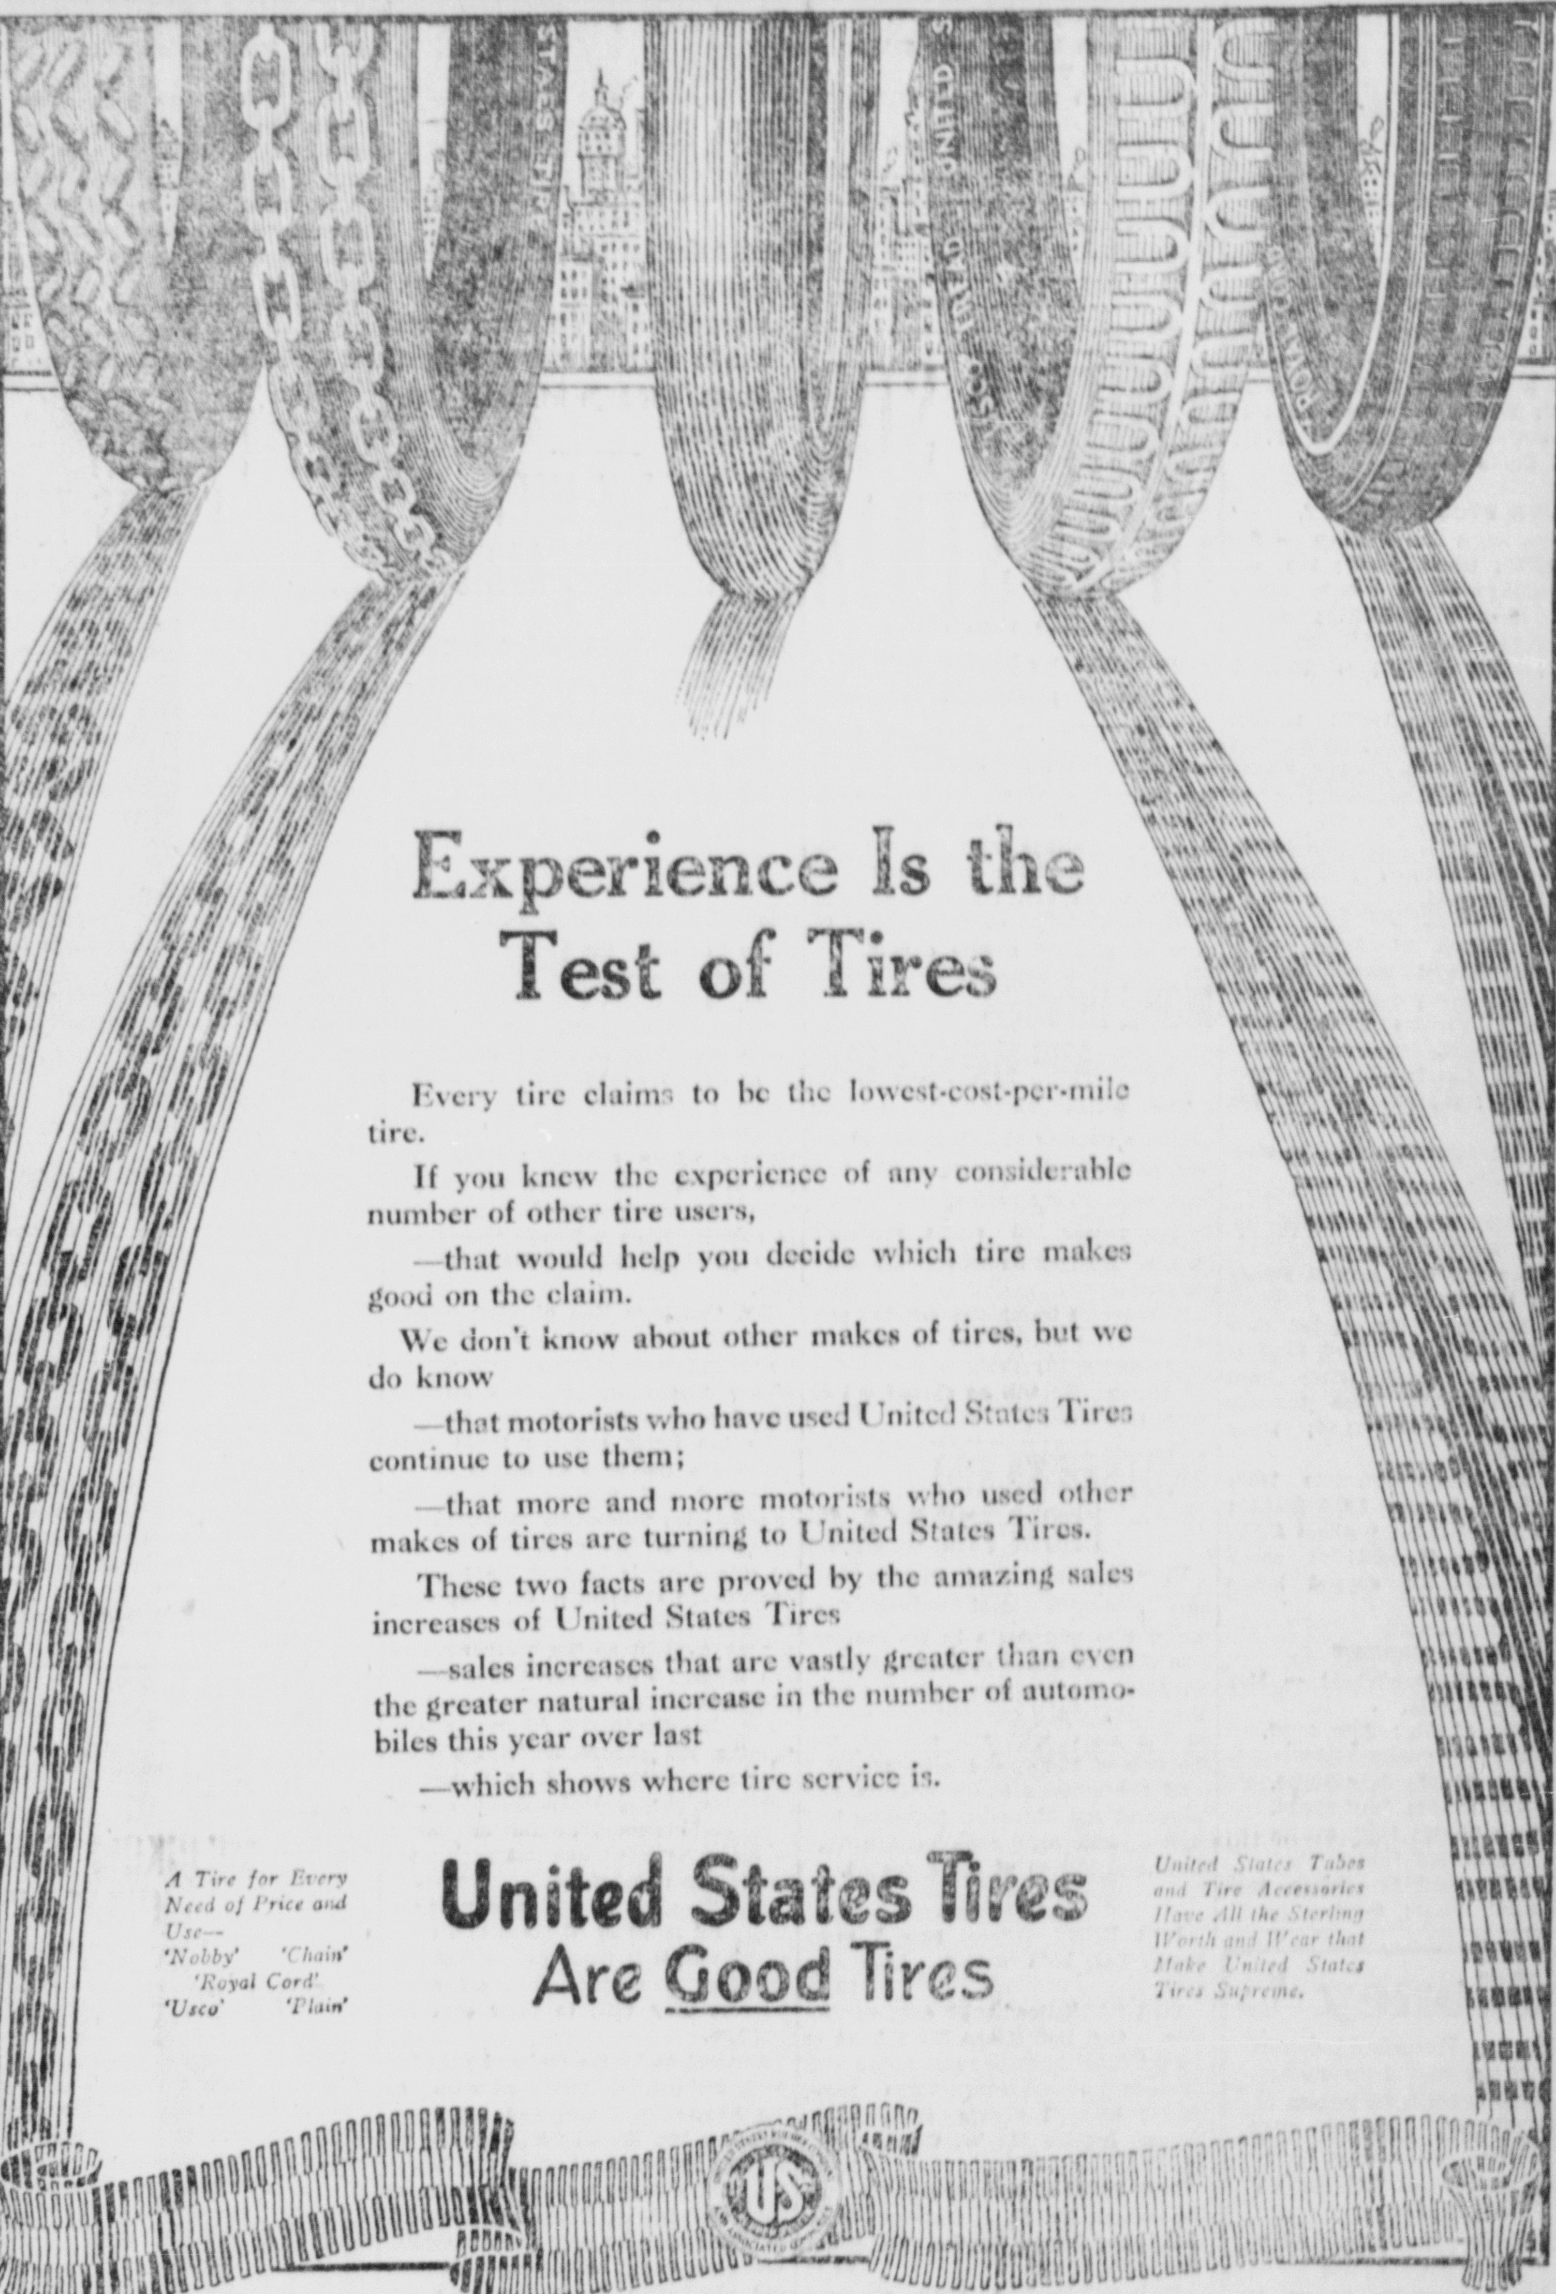

In W. W. Hamilton's yard Tuesday p. m. Ingersol Junior with Y. M. C. A. fob? Return for reward to H. R. Rodecker.

Henry L. Stimson, former secretary of war (upper man in picture) and Frederic R. Coudert, New York lawyer, are touring the middle west together on a two weeks' speaking trip in favor of universal military training and service. They left New York on April 1. The schedule of the trip included Detroit and Ann Arbor, Mich., Chicago, Des Moines, St. Paul, Minneapolis, Omaha, Topeka, St. Joseph, Kansas City, Mo. St. Louis and Indianapolis.

# HOW TO REGAIN STRENGTH

The great factor that retards recovery after sickness is that weakened devitalized condition, and it will interest our readers to know that our local druggists, Blackmer & Tanquary have a reliable non-secret strength creator called Vinol, which contains iron and manganese peptonates for the blood, beef and cod liver peptones and glycerophosphates, all combined in a delicious native wine. For weak, run-down conditions and to regain strength after sickness, there is nothing better.

Blackmer & Tanquary, Druggists, Washington C. H., O., also at the leading Drug Store in all Ohio towns.

# Experience Is the Test of Tires

Every tire claims to be the lowest-cost-per-mile tire.

If you knew the experience of any considerable number of other tire users,

—that would help you decide which tire makes good on the claim.

We don't know about other makes of tires, but we do know

—that motorists who have used United States Tires continue to use them;

—that more and more motorists who used other makes of tires are turning to United States Tires.

These two facts are proved by the amazing sales increases of United States Tires

—sales increases that are vastly greater than even the greater natural increase in the number of automobiles this year over last

—which shows where tire service is.

ANOTHER STIR IN AUSTRIA

(Associated Press Cable.)

Amsterdam, via London, April 18.—The Vienna newspapers announce that Dr. Urban, Minister of Commerce, and Dr. Baernreither, Minister without portfolio, have resigned. Dispatches from Germany connect these resignations with the convocation of the Austrian parliament next month, which they say is considered in German circles as inopportune in view of political events abroad.

MORE HOBOES ARE DRIVEN OUT

The police Wednesday morning chased a number of hoboes out of the city, and one of the tramps, who had been ordered out before, was thrown in the county jail on a vagrancy charge. He may be sent to the work house.

Wherever a tramp appears, the person annoyed is directed to call the police and notify them where to find the tramp. He will be chased out of town forthwith.

ANOTHER \$5,000 FROM THE B. & O.

Upon application of Charles Gerhardt, administrator of Frederick Gerhardt, who met death in the memorable B. & O. wreck at Orient, August 12, 1915, the Madison county courts have allowed the administrator to settle the claim with the railroad, for the sum of \$5,000, and costs of suit.

Of the amount \$2,000 goes to the father of the deceased, \$2,000 to the mother, and \$200 each to five brothers and sisters of the deceased.

WOULD INCREASE YIELDS OF CORN

Successful Farmer Invites All to Learn How and Why He Always Has Straight Corn Rows and Is Able to Raise Bumper Crops Through Efficient Cultivation.

BIG ALL-DAY MEET THURSDAY, APRIL 26

Will Demonstrate With a Number of Well Known Planters—Farmers' Institute Men Behind the Movement—Day of Slipshod Farming Past and Gone. Gov. Cox Expected to Speak.

More and better corn yields in Fayette and adjoining counties, in a campaign to reduce the high cost of living, help win the war and feed the allies, is the latest slogan.

To this end Mr. George W. Smidley, a prominent and successful farmer of near New Holland, is actively engaged at present with a desire to interest all farmers and farm employees within a wide radius. His plan is a very simple one, yet fraught with the greatest possibilities, and is nothing more nor less than accurate planting and thorough cultivation.

Mr. Smidley's idea of what constitutes adequate cultivation of corn, however, is very different from the ordinary conception. He is a progressive farmer, a man who has kept up with the times and his lands and crops are the best evidences of his efficiency and wisdom. Years ago Mr. Smidley thoroughly mastered the principles of the corn planter, and so competent is he that his planters are always adjusted to drop the corn so accurately that the check rows are as straight as the other rows in the fields. This enables him to advantageously cultivate his corn both ways, keeping down all weeds and stirring the ground about the corn plants on all sides. As a means of retaining moisture Mr. Smidley uses a drag of his own manufacture, which is drawn by one horse and passes between two rows of corn.

Unfailing bumper yields support the argument in favor of these two operations, and it is these points that Mr. Smidley is anxious that all other farmers may turn to their own advantage.

Spurred on by the real and pressing need for greater yields of corn in the immediate future and the years to come Mr. Smidley has decided to hold an all-day meeting on the James Vlerobome farm, one mile north of New Holland, on Thursday, April 26, at which time he will make practical demonstrations, adjusting planters and stretching check wire for the benefit of all who may care to attend and all without cost to anyone.

Already a great deal of interest in the demonstrations has been manifested and the officials of the New Holland Farmers' Institute have joined in the enterprise and are working to make the affair a crowning success.

Mr. Smidley can operate any planter and can instruct any man of even ordinary intelligence, who can drive straight, so that he can operate a planter and secure almost perfectly straight check rows.

There will be a number of different kinds of planters on the grounds and demonstrations will be made with all of them. That straight planting can be done as outlined herein can be proven to the complete satisfaction of any Doubting Thomas in the rows of corn stubs still standing on the Vlerobome farm, operated by Mr. Smidley. Any farmer in this or adjoining counties who wills may embrace this opportunity and know for himself how he can bring his corn fields to the height of perfection and secure better returns.

Elimination of crooked corn rows will admit of cross cultivation of the proper kind, and universal adoption of the simple rules of management to be given in practical demonstration by Mr. Smidley will almost certainly bring encouraging results to all.

Assisting in the demonstrations will be Mr. S. H. Blessing, an expert farmer of Sedalia, and Mr. Coleman Allen, also of that town.

Displays of planters, plows, clod crushers, levelers, etc., will be made by the Farmers' Supply Co. and Rigin & Asher, of New Holland, and F. W. Hatfield, of Painesburg. All other implement dealers within reach are invited and urged to be present with or without displays, as they prefer, and join in the effort to create greater efficiency on the farm.

Farmers are urged to attend, with their boys and employees and "learn

COX PLAN IS FAVORED

By Associated Press Dispatch.

Columbus, O., April 18.—President Wilson, in a letter to Governor James M. Cox today, approved the suggestion of the Governor that a "war conference" of governors be called by the President to devise ways and means for promoting harmonious action on the part of the Federal and State Governments with regard to preparedness measures.

However, the President's letter stated that he did not believe the opportune time had yet arrived, but indicated that such a conference may be called at a later date.

ANOTHER RECRUIT ENLISTS TODAY

Guy L. Bainter, of this city is the latest recruit added to Company M, having enlisted Wednesday morning.

The recruiting office on East Court street is kept open early and late, and enlistments are being taken as fast as eligibles present themselves for service.

Of ten new recruits examined Monday night, only six were passed, three of the four rejected being under weight.

Cards and other literature have been provided by Sergeant Ferguson for distribution. One of these cards bears the following admonition:

Go to a looking-glass, look yourself in the eye, and ask yourself these questions?

Am I able bodied?

Am I old enough to enlist?

Am I too good to fight for my country?

Why on earth shouldn't I enlist and do my part?

Have I anyone who is depending upon me for a living?

Am I not the very fellow the country is looking to protect it.

Am I a slacker, that I should let some other fellow do my share?

Why shouldn't I walk right up, put my "John Hancock" on the paper and say? Here, Uncle Sam, I'm ready to do my share."

Am I any better than my grandfathers were; am I any better than the other fellows who are today shouldering their rifles to fight for OLD GLORY?

After you have done this, come on and enlist.

COMPLETE WORK OF LAYING BRICK

The placing of brick on Oak and Delaware streets, where the paving work is under way, was completed Wednesday evening, and the grouting will be finished this week and the street opened to traffic about May 1st.

SONS OF VETERANS

Sons of veterans will meet at the Memorial Hall promptly at seven o'clock, Friday night, for the purpose of taking part in the patriotic parade. A full attendance is desired.

By Order of Commander.

ALIENS MUST OBEY ORDERS

By Associated Press Dispatch.

Washington, April 18.—All alien enemies residing within one half mile of fort, camp, air craft station, government, or naval vessel, navy yard, factory, or work shop for the manufacture of munition are required to move prior to June 1 under penalty of summary arrest, under instructions issued today by the Attorney General to United States marshals.

Certain exceptions may be made within well defined limitations. This carries out the President's proclamation.

The Attorney General's instructions also over the enforcement of other regulations prescribed in the President's proclamation.

Alien enemies found with forbidden articles in their possession after April 24 shall be arrested, except in cases where the marshal shall be satisfied they are not dangerous to public safety.

ROADS DENY FIREMEN DIE

By Associated Press Dispatch.

Washington, April 18. — Proposals by the railroads to continue to charge proportional rates from Illinois, Indiana, Iowa, Michigan, Missouri and Wisconsin to cities on the Ohio river lower than rates on the same traffic from intermediate points, was denied today by the Inter-State Commerce Commission.

COX PLAN IS FAVORED

By Associated Press Dispatch.

Columbus, O., April 18.—President Wilson, in a letter to Governor James M. Cox today, approved the suggestion of the Governor that a "war conference" of governors be called by the President to devise ways and means for promoting harmonious action on the part of the Federal and State Governments with regard to preparedness measures.

However, the President's letter stated that he did not believe the opportune time had yet arrived, but indicated that such a conference may be called at a later date.

AGENTS MEET

By Associated Press Dispatch.

Columbus, O., April 18.—District food and crop commissioners from all over Ohio, appointed recently by Governor Cox to take active charge of the intensive food farming, came to Columbus today, met with the State War Defense Council, and received instructions from Governor Cox.

"The Federal Government," the Governor told the commissioners, "is making a survey, for the purpose of effecting a very efficient organization, which will have to do with inventory of food supplies in Ohio.

Under the operation of this plan, it will be impossible to take the necessities out of the market and pin them in cold storage. This is going to be at least one compensation of the war."

In his address to the crop commissioners, the Chief Executive outlined a concrete plan to be followed in directing the work in the various districts for increasing crops, and urged that there should be no delay.

The commissioners were ordered to report immediately the amount of land in their territory that is not to be cultivated this year and to report labor conditions.

The War Defense Council was given authority today by the State Civil Service Commission to appoint 65 men and 23 women immediately to aid in its work.

None of these appointees will have to be appointed under civil service rules.

Governor Cox has requested that political affiliation of the candidates be not considered.

The State Board of Agriculture at a meeting today endorsed the conservation policies of President Wilson and Governor Cox, and turned over to the War Defense Council six of its experts.

NEAR DEATH

By Associated Press Dispatch.

New York, April 18.—Madame Sarah Bernhardt, the actress, who was operated on here last night for an affection of the kidneys, has "a good fighting chance for recovery," but her condition is very grave, it was stated at noon today by Dr. Leo Baerger, who performed the operation.

Another consultation of the six physicians in attendance will be held later in the day.

Messages from all over the country and from France were received during the night, and flowers from friends of the actress filled her room.

## DRAFT IS FAVORED

(By American Press)

Washington, April 18.—Determined efforts to hasten action in congress on the administration war army bill, with its selective draft provision, were begun by President Wilson and Secretary Baker. They take the position that further delay will endanger the war plans against Germany.

The president discussed the situation at length with Chairman Dent of the house military committee and later called in Representatives Mann and Lenroot, the Republican leaders of the house. Secretary Baker appeared twice before the house military committee.

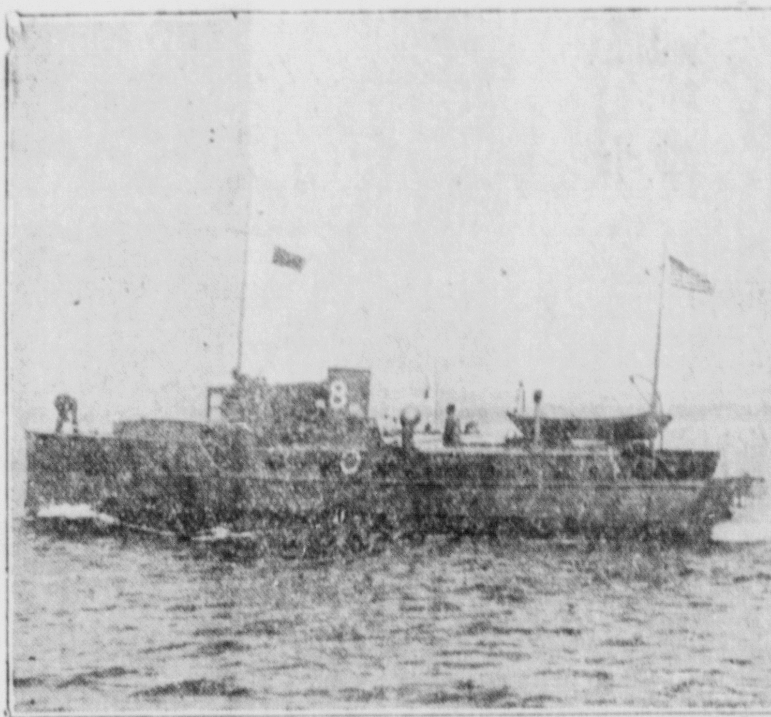

Opposition to the draft principle, particularly among house Democrats, was taken up at the cabinet meeting, and afterwards it was indicated that the full influence of the administration would be concentrated on the passage of the army measure. The president is understood to be determined upon forcing opponents of the general staff's plan out into the open, so that the country will have opportunity of judging whether they are in the right.

Arguments of the opponents of the selective draft, based on the idea that the new army should be raised by a call for volunteers, are met in official quarters by directing attention to the fact that the present plans of the war department allow for more than 700,000 volunteers, enlisted for the term of the war.

Representative Dent, who is an opponent of conscription, went to the White House on his own initiative to tell of opposition to the staff bill. He found the president fixed in his position. Afterwards Representatives Mann and Lenroot were called in so that Mr. Wilson might learn the position of the Republicans. They remained at the White House for an hour, and while they said no poll had been taken and that they were not in a position to state how their colleagues would vote, they assured the president that the Republicans would show no partisan spirit in considering the legislation.

The senate committee voted favorably on the selective draft feature and will report the bill with that feature retained. There was no roll call, but three senators were said to have been opposed to this feature. Two others opposed to the draft were absent. An opportunity will be given the proponents of the volunteer system to vote on it in committee on an amendment by Senator McKellar, authorizing the president to call for 500,000 volunteers. This does not change the language of the active draft feature, but if accepted, it would be in addition to the bill as it came from the war department.

Would You Pay \$1.00 For This Boat? Government Did

"PATROL NO. 8," SOLD TO GOVERNMENT BY HAROLD S. VANDERBILT FOR \$1.

For coast defense work the motorboat has already shown itself to be most valuable, and last year several public spirited yachtsmen built boats for a patrol squadron. One of these boats is seen in the picture. It was built for Harold S. Vanderbilt, is now owned by the government and is known as Patrol No. 8. Mr. Vanderbilt offered to give this boat to the government, but in order to make the transfer absolutely legal he was paid the sum of \$1.

In aid of the work of defending our coasts many yacht owners have donated their vessels and are defraying the cost of fitting them for service. They have also offered their personal services. Many have offered to charter their yachts, while others are willing to sell. The offers are coming in fast, and the government is rushing the work of examining and making plans for such strengthening of the boats as will enable them to carry the necessary guns, etc.

## IMPORTANT FARM NOTES

### THE EGG SITUATION

All present indications point to continued high prices for eggs with the possibility of newly laid eggs of prime quality selling next winter at prices considerably above those of last winter. Eggs are going into storage now at costs which necessitate a retail price of 40c or better next fall and winter in order to return a reasonable profit for handling and storing.

Whether the present shortage of eggs continues through next winter or not depends on what the farmers of Ohio do with their poultry during the next six or eight weeks. If they follow out their expressed intention of selling the greater part of the farm flock because of the high cost of feed, and the fowls which are sold are not replaced with pullets, fresh eggs will be as scarce next November and December as the proverbial "hen's teeth."

Because of the existing shortage in the egg market and the increasing demand for eggs due to the advancing cost of other livestock products, every farmer in the state should plan to raise as many good pullets this season as he has facilities to handle. They should be carefully fed so that they will be well grown and begin to lay before the first of November. For a profitable yield of eggs during the winter months, early hatched pullets are much more valuable than hens.

The older hens may be sent to market a few at a time as fast as they stop laying. All hens which remain in laying condition through the summer should be retained until fall. Those which continue egg production until October 1 or later should be retained for use as brooders. If properly handled, hens may be carried through the summer at a good profit in spite of the high cost of feed. If these hens are thrown on the market now, the market will have an oversupply greater than the storage houses can handle and prices will be forced down to a low level.

Don't kill laying hens; raise as many pullets as possible; have all chickens hatched before June 1; feed well and handle carefully. If these suggestions are followed, a good profit will result, and an egg famine will be avoided.—M. C. Kilpatrick, poultry specialist, The Ohio State University.

### PREVING EGGS

An abundant supply of eggs during the months of high prices can be provided by the preservation of eggs in a solution of water glass. The following method is practical for the

housewife who desires to preserve a case (30 dozen) of eggs for winter use.

Obtain 3 pints of water glass (Sodium Silicate) at a drug store and mix it with 27 pints of cool boiled water. Place fresh, clean eggs carefully in a 10 gallon earthenware jar. Be sure that none of the eggs are cracked, old or dirty.

After putting the eggs in the jar, place a large plate over them and pour in the water glass solution until the plate is submerged under two inches of liquid. If one desires to preserve the eggs from day to day, the solution may be put in the jar and the eggs placed there in as gathered until the jar is full. The heavy paper over the top of the jar and move it carefully to a cool place where it may remain until one is ready to use the eggs. Remove them from the solution as needed and wash with cold water. If one desires to boil them, prick one or two small holes in each egg with a needle. This will prevent the contents from breaking the shell.

## U. S. CHANGES INDIAN POLICY

(By American Press)

Washington, April 18.—Declaring the time has come for discontinuing guardianship of all competent Indians and giving even closer attention to the incompetent that they may more speedily achieve competency, Cato Sells, commissioner of Indian affairs, announced a new department policy.

"Broadly speaking," said the commissioner, "a policy of greater liberalism will henceforth prevail in Indian administration to the end that every Indian as soon as he has been determined to be as competent to transact his own business as the average white man shall be given full control of his property and have all his lands and money turned over to him, after which he will not longer be a ward of the government. This is a new and far reaching declaration of policy. It means the dawn of a new era for the Indian."

### LADIES AID MEETING.

# SENATE VOTES UNANIMOUSLY FOR WAR BILL

(By American Press)  
Washington, April 18.—By unanimous vote the senate passed the war finance measure, providing for issuance of \$7,000,000,000 in securities. Several amendments were adopted.

After seven hours of discussion the administration measure, which was passed by the house last Saturday and which provides for a loan to the allies of \$3,000,000,000, was approved by the senate, with a few changes, in record time. The amendments may necessitate a conference, or the senate changes may be accepted by the house. To expedite action, the senate appointed conferees to act if the house should not, contrary to expectations, accept the senate changes.

Of the eighty-four senators present, every one, including all those who voted against the war except Senator Lane of Oregon, who was absent because of illness, recorded themselves in favor of providing the funds to prosecute hostilities. Nearly all of the twelve absentees were ill.

That, in the inability of the nation to supply men at once for the fighting lines, money should be America's immediate contribution to her allies, was the dominant thought expressed during the debate. Few senators participated in the discussion, which was totally devoid of partisan expression. Only two senators, Borah and Cummins, declared opposition to the proposed allies' loan. A few favored raising a larger proportion by taxation of the present generation and less on bonds.

Amendments adopted by the senate include provisions: Limiting deposits of proceeds from the bonds in banks to the amount subscribed by the banks and their depositors; permitting deposit of proceeds in state banks and trust companies as well as federal reserve banks; providing for exchange of subscribers of the issue authorized for bonds subsequently issued, during the war, at higher interest rates; requiring the secretary of the treasury to report expenditures of the bond proceeds Dec. 31 and annually thereafter; and exempting the \$2,000,000,000 of treasury indebtedness certificates authorized from all taxation, except estate and inheritance levies.

**BARN HAY FOR SALE**  
At my barn on Washington Avenue Good mixed feeding hay sold by the bale. H. R. Rodecker.

## BETTER THAN CALOMEL

Thousands Have Discovered Dr. Edwards' Olive Tablets are a Harmless Substitute

Dr. Edwards' Olive Tablets—the substitute for calomel—are a mild but sure laxative, and their effect on the liver is almost instantaneous. They are the result of Dr. Edwards' determination not to treat liver and bowel complaints with calomel. His efforts to banish it brought out these little olive-colored tablets. These pleasant little tablets do the good that calomel does, but have no bad after effects. They don't injure the teeth like strong liquids or calomel. They take hold of the trouble and quickly correct it. Why cure the liver at the expense of the teeth? Calomel sometimes plays havoc with the gums. So do strong liquids. It is best not to take calomel, but to let Dr. Edwards' Olive Tablets take its place. Most headaches, "dullness" and the lazy feeling come from constipation and a disordered liver. Take Dr. Edwards' Olive Tablets when you feel "lousy" and "heavy." Note how they "clear" the complexion and how they "perk up" the spirits. 10c and 25c a box. All druggists.

## BLEACHERS FALL MANY INJURED

(By American Press)

Columbus, April 18.—Two score persons attending the opening game of baseball at Neil park sustained injuries, many so serious that the victims had to be removed to hospitals, when a section of the south end of the left field bleachers collapsed. The accident occurred just before the game started. The section comprised seven rows of seats and an area of 140 square feet, carrying more than 100 spectators from 10 to 12 feet below.

Faulty timbers supporting the seats are blamed for the accident. The spectators were bowled over each other. Those who escaped injury landed on top of the pile.

Many physicians gave first aid to the injured, while Governor Cox, Mayor Karb, Police Chief Carter and policemen kept back the crowd. The seriously wounded were rushed to hospitals, where, after treatment, all but fourteen were able to leave for their homes.

### DAUGHTER IN TERRIBLE SHAPE.

A. Mitchell, Bagdad, Ky., writes: My daughter was in terrible shape with kidney trouble. I got her to take Foley Kidney Pills and she is completely cured." Foley Kidney Pills strengthen weak, deranged kidneys; correct bladder troubles; stop rheumatic pains and backache; relieve sore muscles and stiff joints. Blackmer & Tanquary. Advt.

Always use the best; that's Red Cross Ball Blue. All leading grocers sell it, 5 cents.

Wetmore, Acting Supervising Architect.

# It's toasted

Copyright by The American Tobacco Co., Inc. 1917

## Here's a NEW Creation

## LUCKY STRIKE

The real Burley Cigarette

Try a cigarette that is altogether different in flavor from any that you know.

You can't question this, because Lucky Strike is an absolutely new creation—the only big advance in twenty years in cigarette making.

### How? And Why?

Because the Burley tobacco used for the Lucky Strike cigarette is toasted. It is the first toasted cigarette—an entirely new principle in cigarette manufacture.

And how you will enjoy this new flavor. Remember: Burley tobacco, which is all flavor; and this flavor heightened by toasting and sealed in forever by toasting.

Toasted tobacco! Think of hot buttered toast; think of all sorts of delicious things that get their flavor from being toasted, (or cooked or broiled).

Join the Lucky Strike Smoke Circle now. Get a new flavor in smoking with Lucky Strike the real Burley cigarette.

### How to open the package

Instead of breaking the seal and tearing open the entire top of the package tear off part of the top only.

Cigarettes in paper packages of twenty are carried more handily this way, and keep better; less likely to spill into your pocket. It's easy to do and worth doing.
